Those Peruna Testimonials

How Are They Obtained?

S. B. HARTMAN, M.D.

For a great many years I have been gathering statistics as to the effects of Peruna when taken for catarrhal discharges. I have on hand thousands of unsolicited testimonials from people in all stations of life, who claim that after many years' futile attempts to rid themselves of chronic catarrh by various forms of treatment they have found complete relief by the use of Peruna. These testimonials have come to me unrequested, unsolicited, unrewarded in any way, directly or indirectly. They have simply been gleaned from my private correspondence with patients that have been more or less under my treatment or taking my remedies.

No remedy, official or unofficial, has a greater accredited basis for its claims we make for it than Peruna as a remedy for catarrh. I have never been opposed at any time to the regulations offered by the Pure Food and Drugs Act. I am not now opposed to its provisions, but I am opposed to the proposed amendment to give to a partisan board of physicians the unqualified authority to decide as to all therapeutic claims which may be made for a proprietary medicine. It is manifestly unjust to

refer such questions to a body of men who are already convinced of the worthlessness of proprietary medicines. To give such a body of men the unlimited authority to decide whether our claims for Peruna are valid or not is a manifest violation of my constitutional rights. My claims are based both on creditable theoretical grounds and upon irrefutable statistics. But I am quite willing to have our claims as to the composition of Peruna properly and thoroughly investigated, and if found to be false a proper penalty should be exacted. Or if I am making any statements concerning diseases, as to the nature, symptoms or danger of any disease, if I am making any such statements as to unnecessarily frighten the people by false assumptions, I am willing to submit to any unbiased tribunal or investigation.

Mrs. Alice Bogle, 803 Clinton St., Circleville, Ohio, writes: "I want to inform you what Peruna has done for me. I have been afflicted with catarrh for several years. I have tried different medicines and none seemed to do me any good until I used Peruna. I have taken six bottles and can praise it very highly for the good it has done me. I also find it of great benefit to my children." Peruna is for sale at all drug stores.
